**Friends of the Tud Valley**  
Protecting the River Tud in Norfolk and its surrounding areas

The 'Friends of the Tud Valley' was established to protect the natural and historic landscape and wildlife habitats of the Tud Valley. The objectives are to:

- maintain and enhance the character of the landscape;
  - protect and enhance wildlife habitats;
- protect and enhance sites of archaeological and historic interest;
- manage opportunities for public access to the countryside for quiet recreation;
  - encourage local participation in the protection of the valley; and
- increase local community and visitor awareness and appreciation of the area.
